DETAILED ACTION

1. Applicant's communication filed on September 9, 2003 has been carefully studied by the Examiner. The arguments advanced therein, considered together with the amendments made to the claims, are persuasive and the rejections based upon prior art made of record in the previous Office Action are withdrawn. Claims 2-10 have been amended.

2. The declaration filed on September 9, 2003 under 37 CFR 1.131 has been considered but is ineffective to overcome the Kohnke reference. The evidence submitted is insufficient to establish a reduction to practice of the invention in this country or a NAFTA or WTO member country prior to the effective date of the Kohnke reference. Specifically, the evidence does not establish reduction to practice **in this country or a NAFTA or WTO member country**.

Allowable Subject Matter

3. Claims 1-10 are allowed.

4. The following is an examiner's statement of reasons for allowance: Kohnke et al. does not disclose filters having a specific wavelength response design which closely match corresponding individual specific simulated responses resulting from a prior decomposition by means of a computer program or algorithm of the desired complex spectral response into individual specific simulated responses. Kohnke et al. discloses a combination of filters that are manufactured, and sorted following manufacture according to their characteristics, and subsequently fitted to a desired spectrum using an algorithm (column 1, lines 55-60 and column 2, lines 31-40). However, Kohnke et al. does not disclose prior decomposition of a complex spectral response by means of the algorithm, and specifically the filters having response designs which match the simulated responses resulting from the decomposition. Therefore, Lacroix et al.

and Kohnke et al. do not disclose or suggest the filter according to claims 1-5. For the same reason, Lacroix et al. and Kohnke et al. do not disclose or reasonably suggest the method of manufacturing an optical filter according to claims 6-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
